Amending Educational Records

Students have the right to request that inaccurate or misleading information in his or her education records be amended. While the HMSOM is not required to amend education records in accordance with a student's request, the HMSOM is required to consider the request. If the HMSOM decides not to amend a record in accordance with a student's request, the student will be informed of his or her right to a hearing on the matter. If, as a result of the hearing, the HMSOM still decides not to amend the record, the student has the right to insert a statement in the record setting forth his or her views. That statement must remain with the contested part of the student's record for as long as the record is maintained. However, while the FERPA amendment procedure may be used to challenge facts that are inaccurately recorded, it may not be used to challenge a grade, an opinion, or a substantive decision made by the HMSOM about a student. FERPA was intended to require only that schools conform to fair recordkeeping practices and not to override the accepted standards and procedures for making academic assessments, disciplinary rulings, or placement determinations.

Complaint Procedure

A student has the right to file a complaint with the Family Policy Compliance Office at the U.S. Department of Education concerning alleged failures by the HMSOM to comply with the requirements of FERPA. A complaint must be submitted to the Office within 180 days of the date of the alleged violation or of the date that the student knew or reasonably should have known of the alleged violation. The complaint must contain specific factual allegations giving reasonable cause to believe that a violation of the Act has occurred, and it should be forwarded to the Family Policy Compliance Office, U.S. Department of Education, 400 Maryland Avenue SW, Washington, DC 20202-8520.
